مُدبِّر | Mudabbir

Arabic-first tools and services for training and administration, built with AI and reviewed by an expert.

What we offer

AI skills

Skills that run inside an AI assistant and hand you files ready for review: decks, manuals and tests.

Manzumati

An Arabic finance and admin system on Google Sheets: students, fees, invoices, receipts, expenses and payroll, with roles, approvals and an audit log.

Services

Services with scope and deliverables written down before we start, ordered on their own or with Manzumati.

Services in detail

A website that presents you and takes client requests

A bilingual, mobile-ready site for your school or centre, with a request form that reaches your inbox, in your identity.

- Fonts and colours of your own
- Right-to-left pages with English alongside
- Forms that can later be linked to Manzumati

A training package in your identity, ready to deliver

You receive the deck, manual and test built for your course, so all that's left is the review.

- Deck with trainer notes on every slide
- Trainee manual and a group applied workshop
- Pre/post test with a scoring workbook

A development plan for your school or centre's management

We diagnose financial and administrative management, and you receive a report with recommendations and a dated action plan.

- Written scope before we start
- Report with recommendations and an action plan
- Follow-up after implementation

A team that uses AI safely in its daily work

The "AI for management and finance" workshop, in person or online, leaves the team with examples from its own tasks.

- Exercises on your team's real tasks
- Rules for safe use and verification
- Workshop materials in Arabic

Who is behind Mudabbir: Dr. Mahmoud Abdel Mohsen

Mudabbir builds tools for tasks he knows from his own day-to-day work in management, finance and training.

- 20+ years leading organisations in oil and gas, education and training.
- Finance director.
- Lecturer in management and finance.
- Corporate trainer who has designed courses for Arab training centres.
- PhD researcher in human resource management.
